

| <u>Description</u> | <u>Units</u>   | <u>Model - 2 TR</u> | <u>Model - 3 TR</u> |
|--------------------|----------------|---------------------|---------------------|
| Chilling capacity  | (L/Hr)         | 250@15 C temp       | 350@15 °C temp      |
| Temperature range  | Degree celsius | 8 C to 25 C         | 8 °C to 25 °C       |
| Refrigerant gas    | R              | 32A,410A,407        | 32A,410A,407        |
| Voltage supply     | Volt           | 220                 | 220                 |
| Power consumption  | Watts          | 3000 maximum        | 4500 maximum        |
| Current            | Amp            | 12 maximum          | 16 maximum          |
| Dimension          | (WXDXH)inch    | (40X16 X57 )        | (40X16 X57 )        |
| Condenser type     | AIR            | Air cooled          | Air cooled          |
| pump               | Inbuild        | Inbuild circulation | Inbuild circulation |
| Body type          | Metal          | MS powder coated    | MS powder coated    |
